The Hospice Patients Alliance is a 501(c)(3) charitable patient advocacy organization acting to preserve the original hospice mission and to promote quality end-of-life services.

Dame Cicely Saunders said that hospice was about helping the patient to live life fully till a ***natural*** death occurred. We support that mission. Hastening death through stealth euthanasia is a widely-practiced, even routine practice, in many hospices. It must stop. Read this book and you will understand how our nation has arrived at this point, why, and how it can be stopped.
